WORK EXPERIENCE:

Junior Designer Intern, IA Interior Architects, Seattle, WA

Summer 2015 June 2015 - Sept. 2015

- Learned and applied Revit knowledge for various projects including building components and families, updating drawings, and creating and updating documentation for a global client.
- Learned and applied workplace strategies to design projects for a global client
- Applied room numbering to 3 different projects, based on design standards and strategies for a specific client, totaling approximately 1 million square feet
- Researched materials and pricing
- Attended OAC meeting and site walk for a project under construction

Practicum, King Retail Solutions, Eugene, OR

Summer 2014

- Attended meetings
- Worked on training projects to learn about the industry
- Job Shadowed various designers to learn different programs and commands, including Photoshop and InDesign
- Worked on branding for a hypothetical project as a training exercise
